Summary

Developer advocate, community leader and online instructor. With over 165,000 YouTube subscribers, I love using my platform to host hackathons, interview developers, build awesome projects, all while teaching people how to code.

Skills & Qualifications

- 7 Years experience in Web Development & Digital Marketing (SEO & SEM)
- 4 Years of full stack development experience
- Experienced content creator with YouTube videos (165k subs) & community leader
- Proficient Python & JavaScript developer.
- API Development, Frontend Development & Database Design.

Professional Experience

DEVELOPER ADVOCATE | AGORA.IO

11/2021 - Present

Worked on making Agora's Web Based SDK more accessible through video tutorials, articles, demo projects and event based training. Also building out React UI components & leading a team to re-design Agora's documentation and api reference.

- Doubled Agora's Web SDK's monthly usage minutes from 15 million to 30 million minutes within my first 4 months
- Combined for 300k views on youtube videos for Agora
- Helped strategize and produce SEO campaigns and content to gain market share for related keywords.

INSTRUCTOR | YOUTUBE, UDEMY, TEACHABLE

11/2019 - Present

Produced content showcasing new tech, tutorials & interviews with top developers.

- 165,000 Youtube Subscribers
- 60,000 course copies sold
- 12+ Million views on Youtube
-

SENIOR DEVELOPER | FOI LABS

10/2017 - 10/2019

Designed and developed a laboratory management system. My system provided an interface for lab technicians and customers to view and track data from samples tested in the lab.

- Prototyped and pitched the idea for a lab management system.
- Onboarded and trained customers (Webinars & Conferences)
- Managed a small team of developers while maintaining and growing the code base to meet customer and marketing needs.

DIGITAL MARKETER | UNIFIVE DIGITAL

2014 - 2017

Started a digital agency building websites and marketing for local businesses. Mostly Wordpress sites with small modifications to themes.

- Ran SEO & SEM Campaigns for customers (Search & Banner ads with Adwords)
- 70 + Websites built

Tech Stack

- **Python** and all the major web frameworks. **Django, Flask & FastAPI**
- **Javascript**, including **NodeJS & Express** for server side development
- **React, NextJS & Redux**
- **Databases** include **Postgres, MySQL & MongoDB**
