Work History

DEVELOPER ADVOCATE | AGORA.IO

11/2021 - Present

Worked on making Agora's Web Based SDK more accessible through video tutorials, articles, demo projects and event based training. Also building out React UI components & leading a team to re-design Agora's documentation and api reference.

- Doubled Web SDK's monthly usage minutes from 15 million to 30 million minutes within my first 4 months
- Produced educational video content which resulted in 300k+ views on youtube
- Helped strategize and produce SEO campaigns and content to gain market share for related keywords.
- Created packages & UI components to easy SDK simplify SDK use

INSTRUCTOR | YOUTUBE, UDEMY, TEACHABLE

11/2019 - Present

Produced content showcasing new tech, tutorials & interviews with top developers.

- 166,000 Youtube Subscribers
- 60,000 course copies sold
- 12+ Million views on Youtube
- Regular contributor at Traversy Media (1.9m Subscribers)
- Projects include, ecommerce, social networks, video calling, etc

SENIOR DEVELOPER | FOI LABS

10/2017 - 10/2019

Designed and developed a laboratory management system. My system provided an interface for lab technicians and customers to view and track data from samples tested in the lab.

- Prototyped and pitched the idea for a lab management system.
- Built entire code base and brought version 1 of lims system to market as a solo developer
- Onboarded and trained customers (Webinars & Conferences)

- Managed a small team of developers while maintaining and growing
  the code base

DIGITAL MARKETER | UNIFIVE DIGITAL

2014 - 2017

Started a digital agency building websites and marketing for local
businesses. Mostly Wordpress sites with small modifications to themes.

- Organized SEO & SEM campaigns on a local and global scale.
- Managed adwords campaigns with close to $500k+ yearly spend
- 70 + Wordpress websites built
